GET STARTED IN SIX EASY STEPS

**UT Southwestern**
Medical Center®

TransLōc®
OnDemand User Guide
1 DOWNLOAD

The TransLoc App is available for Android and iOS

2 EXPLORE TRANSIT

TransLoc App is your portal to explore both fixed route and on-demand transit services available in your area. Click the OnDemand option located at the bottom of the screen.

3 FIND SERVICES

Available services will be shown along with their daily schedule, fare (if applicable), and service area.

4 BOOK A TRIP

Once you provide an Origin and Destination, the TransLoc app will provide an estimated drop-off window.

5 LOG IN

You will be asked to create an account the first time you use the service.

6 TRACK YOUR RIDE

The TransLoc App will keep you updated with your arrival estimate. Follow your assigned vehicle in real time all the way through to your destination.

Note: location services must be turned ON for the app to function properly
